

# WEEKLY UPDATE

## USH 51 PORTAGE

10/12/21

Last week the lighting, landscaping, and signage installation continued.

This week the final layer of asphalt paving will be completed. Pavement marking will be done either late this week or early the following week. The remaining signage and landscaping will be finished as well.

Motorists will be encouraged to use the closest side road or alley to access homes and businesses. The contractor will provide advance warning of upcoming changes to access or access restrictions. During final paving this week be aware of rollers, pavers, and other heavy equipment in the roadway.

Once we have final delivery of the traffic lights for the Dewitt/Wisconsin intersection we'll be able to identify the opening date and let everyone know.
